

TensorFlow Dev Summit Viewing Party

April 2, 2018

GDG Seattle

GDG Seattle

GDG Seattle is an inclusive community where developers, designers, and entrepreneurs of all skill levels, genders, religions, and backgrounds are welcome to learn, practice, and share Google technologies, services, and platforms. Our motto is “**Be excellent to each other**” if you see or experience anything different please contact **GDG Seattle organizers**.

Talks

- Summit highlights ([video](#))
- Learnings from the Summit, Margaret Maynard-Reid ([slides](#))
- Learnings from the Summit, Niveditha Kalavakonda ([slides](#))
- Tensorflow and deep reinforcement learning, without a PhD, Martin Gorner ([slides](#))

Upcoming GDG Seattle events

- 4/28 - Google Cloud Study Jam
- 5/8 - I/O Extended, organized by Google Events Team
 - A few tickets for GDG Seattle members by nomination
 - Will share all streaming options and other I/O Extended events outside of Google
- May - I/O Show & Tell, organized by GDG Seattle
- June - ML Study Jam with TensorFlow APIs
- July - Actions on Google

Thank you!
